## THE WORLD'S FINEST GOLF CARS, HANDS DOWN

For over thirty years, Streetrod has manufactured golf cars with a standard of excellence found nowhere else. Our impeccable attention to detail, devotion to quality and performance, and unparalleled artisan skill set continues to delight drivers and golfers around the globe.

## THE KEEPERS OF CRAFTSMANSHIP

The esteemed Streetrod fabrication team is comprised of hard-working Americans who care deeply about their craft. They make sure every Streetrod is scrutinized and sculpted by hand throughout the entire build process.

Whether you're watching one pass by or sitting in the driver's seat, this passion is impossible to miss. Relentless attention to detail is found from bumper to bumper, making every Streetrod Golf Car a masterpiece unlike any other.

The commercial grade aluminum I-beam chassis boasts an 800 - 1500 lb. payload capacity. Couple that with spin-balanced tires and a heavy-duty fiberglass body and you've got a vehicle that handles just as great as it looks.

## COMPLETELY PERSONALIZED

The owner is an integral part of the build process, selecting the model and body style, professional PPG paint scheme, marine-grade upholstery fabric and colors, and a suite of optional automotive features. Once you've designed your dream car, Streetrod brings those dreams to life.

## UNDER THE HOOD

Turn the key, push the electric hood release, and crack open a cold beverage from the insulated cooler with a 24-can capacity and removable drain plug. Need somewhere to stow your valuables or errand goodies? They too are safe and secure in the lockable underhood cooler.

## FROM FAIRWAY TO ROADWAY

Top-of-the-line aluminum alloy wheels with turf/street tires come standard on every Streetrod. Each tire is precisely mounted and spin-balanced to improve handling and extend tire life. Polished stainless steel bumpers protect you and your Streetrod. Wherever your Streetrod takes you, you'll get there in comfort, style, and safety.

# *Vintage*

Nearly every industry boasts a 'white glove,' American made product. Back in 1995, a young toolmaker named Craig Schmidt noticed there was no such product in the golf cart industry. He set out to build the world's finest golf cars, and Streetrod's first line of vehicles was born.

Since those early days, Streetrod has continued to develop the Vintage line. All six Vintage models are built by hand at a 5/8 scale to their inspiration automobiles. A custom stretched chassis and a set of premium turf/street tires result in a driving experience that looks and feels more like a car than a golf cart. Outstanding product longevity and an unmatched eye appeal make Streetrod's Vintage line timeless in every sense of the word.

# GRIT

Embrace a harmonious blend of rugged, modern aesthetics and cutting-edge features that redefine your driving experience.

The Streetrod Grit is not just a vehicle; it's a testament to craftsmanship. With a fiberglass body and the use of all stainless steel and aluminum components, the Grit is not only stylish but rust-free, ensuring longevity and minimal maintenance.

# LUX

When Streetrod's unparalleled craftsmanship is injected into a futuristic new design, the ante gets upped. The LUX has received accolades left and right since its release.

Relentless product development is exercised daily to meet the demands of an ever-changing market. The LUX is an outstanding vehicle and its design continues to improve. If you're looking for luxury, look no further.

## THE LUX STYLES

### PERSONAL

The LUX Personal Vehicle is the perfect configuration for versatility. Whether you're cruising through the neighborhood or playing a round of golf, the LUX Personal Vehicle gets you there. The 2/4 passenger seating makes room for friends or family, and easily converts to an accessible golf bag rack.

### LOW SPEED VEHICLE

The LUX Low Speed Vehicle (LSV) sets the new standard for street legal golf cars. The LSV is the only vehicle to offer your choice of a 14 HP electronic fuel-injected OHV gas engine or a high performance 5HP electric powertrain. Equipped with NHTSA required LSV features and loaded with luxury accessories.

## THE LIMO

Now in use at world-renowned hotels and resorts, Streetrod's Limo options are the perfect concierge vehicles for resorts, country clubs, and high-profile event centers.

Available in 6-seat and 8-seat configurations, a Limo provides the perfect upscale transportation experience for bridal parties and VIP guests. Whether you're enhancing your resort's guest experience, upgrading your transportation logistics, or providing VIP services at prestigious events, our luxury limos will elevate your brand.

Available in  
6 Person Limo  
8 Person Limo (Vintage Exclusive)

## IMPORTANT NOTICES

### Representations

The cars illustrated in this brochure may include additional options not featured in this brochure or that are only available at extra cost.

### Product Updates

Streetrod Golf Cars is constantly seeking ways to improve the specification, design, and production of its cars and alterations take place continually. Whilst every effort is made to produce up-to-date literature, this brochure should not be regarded as an infallible guide to current products, options, or specifications, nor does it constitute any offer for sale of any particular car, product, option, and/or services or combination of the same.

### Performance Data

Performance results data quoted in this brochure may vary depending on the specification of the particular car, driving style, and road and environmental conditions. Published figures should be used for comparison purposes only and verification should not be attempted on public roads. No guarantee is given express or implied of performance results.

### Intellectual Property Rights

This brochure and its contents are protected by various intellectual property rights, including without limitation, copyright, design rights and trademarks that are owned or licensed by Streetrod. You may not copy or use this brochure or any of its contents for any purpose without our prior written consent.

### Distributors and Dealers

Distributors / dealers are not agents of Streetrod and have absolutely no authority to bind Streetrod by any express or implied undertaking or representation. Sales by dealers or agents are subject to their terms and conditions of sale.
